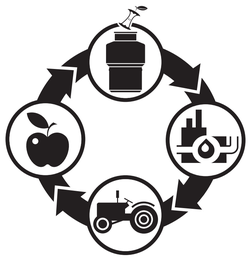
FOOD WASTE DISPOSER

TRITURADOR DE DESPERDICIOS DE COMIDA

ACE QUALITY SINCE 1924

Recycle Your Food Waste

Recicle los desperdicios de comida



Food waste disposers can provide an environmentally responsible alternative to transporting food waste to landfills. And they can help reduce greenhouse gas emissions. At capable wastewater treatment plants, food waste can be recycled to produce renewable energy. Additionally, capable wastewater treatment plants can process food waste into fertilizer. (Check the plant in your area.)

Los trituradores de desperdicios de comida proporcionan una alternativa responsable con el medio ambiente para transportar los desperdicios de comida al vertedero. Pueden reducir también las emisiones de gases de efecto invernadero. En plantas de tratamiento de aguas residuales competentes, los desperdicios de comida pueden reciclarse para producir energía renovable. Además, las plantas de tratamiento de aguas residuales competentes pueden procesar los desperdicios de comida y convertirlos en fertilizantes. (Verifique la planta correspondiente a su zona).

In-Home Limited Warranty

If there is a problem with the disposer while under warranty, there's no need to remove the disposer and take it back to the Ace store where you bought it. Simply call 1-800-558-5700 and a Factory-Authorized Service Agent will come to your home, and replace or repair the disposer at no charge.

In-Home Limited Warranty covers all replacement parts and repair labor to correct defects in material workmanship for 1 year from the date of installation. This warranty gives you specific legal rights, and you may also have other rights which may vary from state-to-state.
